Dear Parents,

Due to a large number of High Deductible insurance plans our office policy is to collect \$50 at the time of service. Once your deductible has been met and your balance on the account is up to date, we will waive the upfront collections for office visits.

If you have any further questions please feel free to reach out to our billing department who can go into further details with you.

Thank you so much for being a part of our JUKP family.

Regina P Justice, MD
